Your beef checkoff
gives hands-on experience to Arizona health and nutrition professionals

The Arizona Beef Council (ABC) parlayed a beef grant from the Federation Initiative Fund into a real-life experience for health and food influencers on a recent Gate to Plate tour. The tour included stops to Pinal Feeding Co and the Quarter Circle U Ranch. Speakers covered many elements, including cattle nutrition, animal health, land management, beef nutrition and even solar energy.

For example, a veterinarian helping with the tour showed attendees at the feedlot stop that just as they spend the day developing diets for humans, cattlemen work with professionals to develop healthy, balanced diets for their cattle. Participants even tasted the same warm, freshly rolled corn the cattle were eating.

The attendees used food nutrition knowledge in their jobs, but also represented diverse work settings, from dietitians and food bloggers to food bank representatives and foodservice directors for school lunch programs.

"It's important to give these professionals the first-hand experience of seeing how cattle are treated and how beef is raised. This is the first time most of them have ever been to a ranch or a feedlot," said Norm Hinz, Pinal Feeding Co and chairman of the ABC board. "It's important to share what we do with them because they'll share it with others."

The beef council was gratified by many post-tour comments, such as this one from a registered dietitian: "I'm now very confident that beef cattle are handled and raised humanely. If all cattle ranchers feel the same - then I'm confident that our children and families are safe."

The Federation Initiative grant program is voluntarily funded by beef councils to underwrite projects, such as this Arizona tour, for beef promotion or education in high population centers or other areas of the country with specialized outreach needs to key audiences.

HOW CAN YOU BENEFIT FROM THE CERTIFIED HEREFORD BEEF PROGRAM?

Today's American beef comes from a huge mix of breeds with assorted genetic backgrounds. For consumers, the result is - some great steaks, some mediocre steaks, and some really bad steaks. Your beef customers want and deserve something better - beef products that can be counted on for consistency, uniformity and quality time after time. The solution is Certified Hereford Beef.

The American Hereford Association's Certified Hereford Beef (CHB Program continues the Hereford's 150 year tradition of beef production excellence in the United States. Documented by extensive, unbiased scientific research, the two-tiered branded beef program provides unique consistency in tenderness, juiciness, flavor and palatability of beef products for both retail and food service markets.

As a commercial cattle producer, you have the opportunity to benefit from participation in the CHB Program and receive premium prices for superior cattle marketed as Certified Hereford Beef. Through the American Hereford Association, Mid-Ag and Midland Cattle Company, cattle producers and feeders now have a meaningful beef industry alliance to produce, merchandise and promote Certified Hereford Beef as a consistent, high quality brand-name product.

Only those animals meeting the criteria of "predominantly (51%) Hereford" are eligible for the CHB Program. Cattle other than solid red or solid black with a predominantly white face are considered only if they exhibit markings of a traditional Hereford. Once the animals meet the live identification criteria, they then must meet demanding carcass specifications for marbling, yield grade, color, texture and hot carcass weight. Only the best will be labeled Certified Hereford Beef Supreme (Choice) or Certified Hereford Beef Special (Upper Select).

The CHB Program offers you the opportunity to be an industry leader and participate in an innovative marketing concept that provides premium prices for a superior product. For details on the CHB Program, talk to a Hereford breeder near you, or write the American Hereford Association at 1501 Wyandotte, Kansas City, MO 64108.

Announcements from the auction block will take precedence over the catalog.

All horses will be examined visually only by a veterinarian and the graders on sale day. This does not constitute a soundness exam. Prospective buyers have until 6 p.m. Monday after the sale to have the horse examined further and may return the horse if it proves unsound. All sale proceeds will be held until that time.

Absentee bids: The sale manager may bid from the auction block. You may place a bid with the sale manager by calling 520/558-2303 or call the sale barn at 928/445-9571 sale day.

Prescott Livestock Auction will care for animals for 24 hours after the sale. Animals are the buyer's responsibility after they leave the ring. Arrangements must be made for leaving animals any extended period.

All persons who attend the sale do so at their own risk, and Prescott Livestock Auction, and all persons connected with putting the sale on assume no liability, legal or otherwise, for any accident that may occur.

Horses will show and sell in the order catalogued.

Riding Horses

Lot 1 • Flying V Rey
Consigned by: KT Cattle, Inc., Amado, Arizona
Gelding • Reg. 5198030 • Red Dun • DOB 3/1/09
Sire: Sugs Lil Will Dam: Wranglers Miss Chex

This is a short, stocky, young horse. I have done every phase of ranch work on him. The first thing I roped on this horse was a wild pig in Oklahoma. He has had a lot of calves drug to the fire on him. He is a good horse to go catch something on. He has a lot of ability and could go in many directions.

Lot 2 • Chapo
Consigned by: T4 Ranch, Patagonia, Arizona
Gelding • Grade • Gray • 14-2 H • DOB 2006

Chapo is a very gentle ranch horse. You can do anything you want to do on him.

Lot 3 • E.A. Cowpuncher
Consigned by: Ed Ashurst, Douglas, Arizona
Gelding • Reg. 5131337 • Bay • 14-2 H, 1100 lbs. • DOB 7/2/08
Sire: Lucky in Dixie Dam: Cowgirl Blackwood

This horse's mother was a Babbitt Ranch mare. We won the team tying at the 2009 Arizona Cowpuncher's Reunion Rodeo riding her. This horse has good feet and bone and has spent every day of his life here on the ranch. He is tough minded and gets around good. He has been roped on a lot here on the ranch.

Lot 4 • Flying V FCS
Consigned by: KT Cattle, Inc., Amado, Arizona
Gelding • Reg. 5198039 • Sorrel • DOB 5/15/09
Sire: Sugs Lil Will Dam: FCS Flinnsneatrepeat

Rocky is big and flashy with a lot of chrome. If you need to go catch something you're not going to get out run. I have led a lot of cattle on him. He was used on the ranch this past fall for gathering, catching and leading cattle. He has drug a lot of calves to the fire.

Lot 5 • GB Sunday
Consigned by: Wayne DeWitt, Kirkland, Arizona
Gelding • Reg. 5210035 • Buckskin • 15-2 H • DOB 4/6/09
Sire: GB Swisso Wood Dam: GB Meleo Wood

Sunday is a well rounded young gelding who shows a lot of interest in cattle. He is very gentle and has a lot of heart. My eight-year-old son rides this horse 90 percent of the time. He has been packed, roped on inside and out, has been raised in the rocks and gets along with other horses well. I would recommend him to anyone.

Lot 6 • Sally
Consigned by: T4 Ranch, Patagonia, Arizona
Mare • Grade • Bay Roan • 15-2 H • DOB 2007

Sally is a good, gentle ranch horse with a lot of cow. She is big and stout and pulls well on the saddle horn.
